# THE ABANDONED GIRL

-esther vl khawngaihi

*A fragment of glass with tears;  
watch while she waste away,  
yet you leech on;  
for it was never allowed for her  
to suffer in your name is it?  
You the ‘star’ with audience held hostage;  
marked and labeled for you  
to use as you saw fit.  
Claim to love; but such can you justify?  
Is that the reason at all  
you fell into such chaos?  
For in your world,  
is love only reciprocated  
if they tied themselves to you?  
I become the candle who melts upon you,  
But you pours water to it instead.  
Your hands are cold; colder and colder  
as time passes by,  
faces do wither with time;  
but not love, no love!  
Screaming yet in silence she still suffers  
but cannot give up, cannot die.  
Putting her thoughts into a poem,  
releasing herself of all that she grieve.*
